Luke 19:28-48

Romans 1:18-2:16

First of all, Understanding Original sin helps us to make sense of our relationship to God:

- It explains why we often feel separated from God.
- Understanding our sin prompts us to accept the sacrifice made by Jesus.
- This matters because You and I face the Wrath of God if we don't seek a cure, and his judgment is deserved- Romans 1:18-2:16

Secondly, our understanding of original sin determines how we structure our society and all our relationships

1. How we view human beings effects our daily living

- You and the people you meet are Incredibly Valuable
- You and they are also Horribly Broken

2. It Effects how we govern and seek to be governed.

3. It Changes how we parent.

4. It Changes our approach to education and school systems.

5. It Changes how we behave as a church.
